

MOTOR VEHICLE LICENSE FEES

The City of Sandusky receives revenue from four separate \$5 license plate fees which were enacted in 1977, 1987, 1989 and 1992. These comprise a total of \$20 in licensing fees.

State law requires that these funds be deposited into the Street Fund and can be used for expenses related to the maintenance and repair of streets, including personnel expenses.

The most recent examples of street projects include Monroe Street, Huntington Avenue, Seneca Street, the Cleveland Road Delineator project and various sidewalks, curbs & gutter projects.

Approximately \$350,000 – 400,000 is received annually from these fees although there has been a greater need than funds available.

Questions regarding license plate fees can be directed to the City of Sandusky Finance Department at 419.627.5888.
